PARTICIPANT GUIDE

# WELCOME

**We are delighted to welcome you to Trail Escape Manchester 2026!**

We can't wait for you to escape and explore the beautiful trails that surround this amazing city. It will be an unforgettable run or hike.

We are joined this year by partners, Tenzing, Runna, Walk Wheel Cycle Trust, Athletic Brewing, Your Photo Finish, Livewell, and thank them for their support.

We would like to thank Manchester City Council, Tameside Council and the team at Philips Park, who have allowed us to use their trails and sites for our event.

Our thanks also goes out to our fantastic volunteers and marshals who will help bring the event to life and will ensure you have an enjoyable and safe experience.

Finally, from all of us at Trail Escape, thank you for joining us.

# BEFORE THE EVENT

## MEDICAL ADVICE

It is important to be fit and healthy before taking on a marathon or 25km. If you are ill or injured in the run up to the event, it is not advisable to take part and you should withdraw from the event. You can [defer entry](#) on the website.

If you have a family history of heart disease or sudden death or a high risk from high cholesterol or high blood pressure, and particularly if you have symptoms of heart disease (such as chest pain or discomfort on exertion, sudden shortness of breath or rapid palpitations), then you should see your GP before you take part. They can then arrange for you to have a proper cardiac assessment.

## UPDATE YOUR MEDICAL DETAILS

If your medical details have changed since you signed up, **please ensure that these are updated via your [EASOL account](#) prior to 17th June 2026**. In the event of a medical emergency on event day, these details will support our medical teams in treating any patient who becomes unwell during the event.

Please also complete the medical details on the back of your number.

Whilst we understand that withdrawing from the event is disappointing after so much training, it is not worth the risk to you and your health. Severe exertion and physical activity during or soon after an illness or injury can be dangerous.

## COURSE CUT-OFF TIMES

We aim to support every participant to the finish line, whatever their pace is. As part of our agreement with the local council, **there is a course cut-off time of 10hrs**, which is less than 3 miles per hour. The routes will be clearly marked and marshalled to ensure participants don't get lost.

Should you fall behind this pace, our team will be stopping participants at Aid Station 4 who will not meet the cut-off time and will provide shuttles to the finish in Manchester.

## DOGS

**People can only take part in the 25km with a dog.** Dogs are not allowed on Alphin Pike, which is part of the marathon route.

**Control of your dog is required at all times.** Please use a short lead or canicross harness not an extendable lead.

**PLEASE STOP, LOOK AND LISTEN AT ALL ROAD CROSSINGS AS YOU WOULD NORMALLY TO CHECK FOR CARS YOURSELF. DO NOT JUST RUN ACROSS.**

If you do you may be disqualified from the event. Cars can still ignore advance caution signs, so please don't take the risk.

There will also be points where you will be running or walking along live country lanes. These will be marshalled and will also have directional signage to instruct both participants and drivers to help ensure your safety. Please make sure you follow these instructions and take care at all times.
